

OLSON HOME IS BURGLARY SCENE

Police Say Youths or Amateurs Are Guilty—Passed Jewelry and Silver for Cash.

Burglars some time between 7 and 9:30 o'clock last night broke into the home of Edward F. Olson, 629 Thirty-eighth street, and after ransacking the residence obtained \$5 in money. Money in a dime bank, a \$1 bill and a number of pennies were stolen. Considerable more money was in the house but the burglars failed to find it. Jewelry and silverware were not disturbed.

The family had left the residence at 7 o'clock in the evening and returned at 9:30 to find the house burglarized. Entrance had been gained by using a "jimmy" on a rear window.

The police were notified and started an investigation. They said this morning that they had been unable to find clues. Theory of the burglary is that it was undertaken by boys or amateurs who sought only money, being afraid to take the risk of disposing of jewelry and silverware that they could have easily removed from the home.
